

Long Marston Neighbourhood Plan

The neighbourhood plan will tell the planning authority how we want our village to develop in the future. Once the plan is in force the planners have to take our views into account when deciding on future development.

Tell us **your** views and help us to make sure our village takes shape the way **we** want it to.

What do you like or not like about the village?

This could be:- the numbers of houses, type/location of development, shops & facilities, public transport, rural location/feeling, access to the countryside, rural green spaces within the village, public footpaths, communications (phone, broadband etc). Leisure facilities, Education, Employment.....

Things I like about Long Marston.....

Things I don't like about Long Marston.....

Things I would change.....

Your suggestions will help the steering group to design a questionnaire which will be distributed to everyone in the village to gain a detailed understanding of the wishes of the whole community.

Continue on the back if you wish.
